A Journey to Excellence
Through Discovery

“The very
steps we take
come from GOD;
otherwise how
would we know
where we are
going?”

Proverbs 20:24

Stairway to Reading is an individualized, step-by-step, and sequential phonics program. It bridges the child’s ability to hear sounds in words to the ability to recognize the letters representing those sounds. The child is then guided to put those sounds/letters together to make words. Finally, words are combined to tell a story, and through individual phonetic readers authentic reading practice is provided.

The Stairway to Reading Student Activity Book is a companion to the Stairway to Reading Kit and includes:

- Sets of objects for each letter of the alphabet
- Sets of picture cards for each letter of the alphabet
- Sandpaper letters
- Plastic letters
- Word-building picture cards
